Summer Holiday Homework (2024-25) CLASS –VI

“Summers are back

Holidays are here

Days of Fun

Have just begun

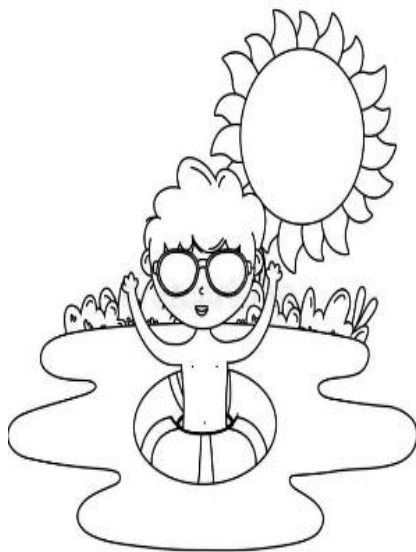

We can stroll here & there

We can roll here & there

We can sleep when we want

It's the time to beat the heat

With a Yummy Ice-cream treat.”

ENJOY YOUR SUMMER VACATIONS!!

HOLIDAY HOMEWORK (2024-25)
CLASS- VI

“Genius is one percent inspiration and ninety-nine percent perspiration. As a result, a genius is often a talented person who has simply done all of his/her work on time”.

Dear parent

As we all know that every year we have a summer break in our school, this is a time when every kid plans a holiday with their parents to visit their grandparents or a new city or country. Even though there are many good things about the holidays, it always comes with holiday homework. It is the task that is assigned to students to be completed during the holiday. This is intended to improve the skills of students and enhance their capabilities. Keeping this in mind, holiday home work has been prepared so that along with the fun, continuity with academics is also maintained.

Note: Kindly go through the instructions carefully and do the needful accordingly.

- Entire Homework to be done as per the instructions given by the teacher in the class
- Detailed homework to be done in the concerned subject notebook instructions are given along with the subject, follow the same.
- Entire holiday homework (Subject wise) would be **evaluated for Term-I Internal Assessment out of 10 marks**
- Well labelled Holiday homework to be submitted to the concerned Class Teacher/Subject Teacher on **Wednesday July 05, 2024.**

Wishing you all a very Happy Summer Break!!

COMPTUER

WORKSHEET (2024-25)

A. Fill in the blanks using the words given in the box:

[Assembler, RAM, Hardware, System]

1. All physical components of a computer are called _____
2. The language processor that converts a program written in assembly language into machine language is called _____
3. _____ is temporary memory, which stores and displays the information while the data processing is going on.
4. Compiler and interpreters are parts of the _____ software.

B. State [T] for True and [F] for False statements:

1. The speed of a computer is measured in Mega Hertz (MHz) or Giga Hertz (GHz).
2. Application software is a set of programs necessary to carry out operations for a specified application.
3. Speakers produce audio output in the form of light waves.
4. 1 Megabyte is equal to 1024 Kilobytes.
5. Digital Video Disk, Zip Drive and Hard Disk are all examples of primary memory

C. Match the following:

- | | |
|-------------------------|--|
| 1. Bandwidth | (i) The brain of the computer |
| 2. CPU | (ii) Creating and editing text files |
| 3. Antivirus software's | (iii) Facilitates the backing-up of disks |
| 4. Backup utilities | (iv) Ensures virus free environment |
| 5. Text editor | (v) An indication of how quickly data travels along a connection |

D. Name the hardware device used for the following jobs:

1. Device which accepts data from a computer and prints the information on the paper.
2. Device which is used to select the objects on the computer screen by clicking.
3. Device which is used to capture documents from paper to computer
4. Device which helps in inputting data to the computer by typing.
5. Device which is used to see an enlarged image of the data we see on the computer screen.

(Worksheet – 02)**A. Multiple Choice Questions**

1. What is the software that controls the internal computer operations called?

- (a) Utility software (b) Application software
(c) System software (d) Education software

2. How many Megabytes make a Gigabyte?

- (a) 128 (b) 2000 (c) 1204 (d) 1024

3. Which part of the computer is responsible for all the arithmetic and logical operations within the computer?

- (a) MU (b) CU (c) ALU (d) RAM

4. Which of the following memory is not available to the user for the data storage?

- (a) RAM (b) Hard Disk (c) ROM (d) Compact Disk

5. Which of the following is not an output device?

- (a) Monitor (b) Keyboard (c) Printer (d) Speakers

B. Classify the following devices as Input Devices, Output Devices and Storage Devices.

Speaker, Keyboard, Mouse, Monitor, DVD, Scanner, Printer, Hard Disk, Pen drives

Input devices	Output devices	Storage devices

(Worksheet – 03)

A. Fill in the blanks using the words given in the box:

1. By default, each workbook contains worksheet.
2. Microsoft Excel is a application.
3. Address of the cell at the 7th column and 12nd row is
4. The number data is aligned to the text data is aligned to the side of the cell by default and side of the cell by default.
5. Created the first spreadsheet application. one left Spreadsheet G12 right Daniel Bricklin Bob Frankston

B. State T for True and F for False statements:

1. Microsoft Excel is used to create text documents.
2. Workbook is a collection of worksheets.
3. Each small box in a workbook is called a cell.
4. The address of the column 5 and row 5 is F5.
5. The active cell is also called as cell pointer.

C. Give one word / a few words answer for the following:

1. The intersection of a column and a row in a worksheet.
2. The currently selected cell in a spreadsheet.
3. Group or block of selected or highlighted cells in a spreadsheet.
4. The first spreadsheet application.
5. The application software for storing, organizing, manipulating and analyzing the data in a tabular form.

(Worksheet – 04)

A. State T for True and F for False statements!

1. By using the arrow keys, you can move around your worksheet.
2. The cell in use is called the active cell.
3. We can enter data in two cells simultaneously.
4. The first spreadsheet application created was called Lotus 1-2-3.
5. The spreadsheet is composed of rows and columns of cells.

B. Multiple Choice Questions

1. Cell address is a combination of
 - (a) row number followed by column name
 - (b) column letter followed by row number
 - (c) row number followed by sheet name
 - (d) none of these
2. The default name of workbook and worksheets in Excel is:

(a) Workbook 1 and Worksheet 1.	(b) Book 1 and Sheet 1.
(c) Sheet 1 and Book 1.	(d) none of these
3. What is the intersection of a row and a column in a worksheet called?

(a) Data	(b) Field	(c) Cell	(d) None of these
----------	-----------	----------	-------------------
4. What is a group of the selected cells called?

(a) Area	(b) Cell range	(c) Selection	(d) None of these
----------	----------------	---------------	-------------------
5. What is the shortcut to insert a new worksheet?

(a) Shift +F11	(b) Shift+F1	(c) Shift+F12	(d) Ctrl+F11
----------------	--------------	---------------	--------------

Types of sentences

Instructions: Decide what type of sentence:

Declarative - Interrogative - Exclamatory - Imperative

1. Don't drop those apples. _____
2. Don't scare the birds away! . _____
3. Do you have your own computer? _____
4. Please be careful! . _____
